[31st July 1965

THE HON. SRI R. VENKATARAMAN : We are collecting the amount according to the agreement between the company and ourselves. We were very keen that the factory should go into production. That is why we gave them some little time. It could have been easy to collect it by selling it. But we wanted that the factory should go into production. Therefore, we gave them time to make the payment.

SRI S. K. SAMBANDHAN : Will the Hon. Minister tell us whether the company is in a position to run the factory?

THE HON. SRI R. VENKATARAMAN : I am very happy to say that the company is now in a position to run it and it is expected that it will go into production in the course of the next month.

THE HON. SRI R. VENKATARAMAN : A separate question with regard to the allotment may be put.
